

F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms closets and pantry. It has a nice bath-room with hot water connections, hard wood finish, has been recently painted and shingled. A nice, large lot, 115 1/2 by 82 1/2 feet. Is insured for \$1,000.00. Price only \$1,500.00. Small payment down and balance as rent.

THIS SEVEN-ROOM COTTAGE is located on Humbert Street, near the Ward 5 school-house. This also has bath with hot water connection. Just as good a cellar as there is in the city, with granite underpinning. Bay window and two piazzas. Lot is 80 1/2 by 65 feet. Corner lot. This house has been built only three years. Price, \$1,600.00. Small payment down. Balance at five per cent.

THE FARMS we have on our lists are too numerous to mention here. Come in and look over our description of them and see if you don't find just what you want.

We not only have houses and farms, but we have many different kinds of business to sell—granite quarries, machine-shops (doing a good business), stores, restaurant, etc. Remember the place.

Rooms 11 and 12, Bolster Building, Barre, Vermont.
(Telephone 135-2)

I should be pleased to do business with you.

C. L. BUGBEE, Contractor and Builder.

INSURANCE

Some agents say "The Best Companies," others "The Strongest," and still others "The Largest Companies." I simply say

JOHN W. DILLON, Agent,

Representing \$465,490,117.39 assets as per annual statement of companies represented in this agency on January 1, 1903. That tells the whole story. Call and investigate. No risk too large, none too small.

The Five Essentials

**SIMPLICITY,
SPEED,
LIGHT TOUCH,
EASY ACTION,
DURABILITY.**

The above features, carried to their highest efficiency, represent Typewriter perfection.

SIMPLICITY—In building the Fox Typewriter we have constantly had before us the need of simplicity and we have a machine which we believe is as near "foolproof" as it is possible to build a typewriter and we have not sacrificed a desirable feature.

SPEED—No Typewriter made has the speed of the Fox. It holds the world's record, made in February, 1904, of 218 words per minute.

LIGHT TOUCH—It requires an expenditure of only 2 1/2 ounces of force to print a letter on the Fox Typewriter. Other machines require from 3 to 8 ounces.

EASY ACTION—The three-point ball bearing on the Fox carriage gives our machine a carriage action that is unsurpassed by any other. Every other typewriter requires a carriage tension of from 2 to 4 pounds. The carriage tension on the Fox is one pound.

DURABILITY—The above features all add to the long life of the Typewriter and with the adjustable type bar and hanger insure perfect alignment during the life of the machine.

Fox Typewriters are placed on trial anywhere without charge. At least send for complete catalogue.

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

A party of 78 Baltimore business men, with their families, visited Burlington Saturday.

J. D. Danforth, A. B., of Swansea, Mass., has been appointed principal of Hardwick Academy for the coming year. Mr. Danforth has had several years experience in teaching. Last year he taught in Walpole, N. H.

During the thunder shower at Bethel Friday afternoon the lightning struck near the new reservoir of the new water company knocking down several men and two horses. They were stunned for a short time.

Second Lieutenant H. H. Broadhurst, a graduate of this year's West Point class, has been assigned to the 15th Cavalry at Fort Ethan Allen, and will report for duty at the expiration of his present leave, September 13.

Five deer were seen one morning last week within the village limits of Island Pond remaining some time, the sight affording pleasure to many. In the afternoon, two were shot, by whom is not known, one being found in the Porcell woods, the other near or in the Cal Stevens' pasture. The party shooting them obtained no venison by the wanton act.

The buildings, with their contents on the old Robert Bartlett farm in Marlboro were burned about 10 o'clock Wednesday night, July 12. The buildings had been unoccupied for a year or so. They were owned by George W. Robins, Springfield, while Henry Adams, of Athol, Mass., is said to have owned the hay in the barn, which was insured. It is believed the fire was incendiary.

Henry Besette, the ticket taker at Athletic Park in Burlington who was arrested on a charge of breach of the peace, in pulling Sam Agel off the fence at the park during last Wednesday's baseball game, and the other incidents connected with the feat, was acquitted by a jury trial in F. G. Webster's office Saturday morning. The jury was out 15 minutes. There were nine witnesses examined and the evidence was conflicting as to what blows were struck.

United States Marshal H. W. Bailey states that he will not take the initiative in regard to moving John W. Ketchum, implicated in the looting of the Farmers' National Bank of Vergennes, away from Addison county jail, as petitioned by Sheriff O. A. Smith, who is said to want to get Ketchum away in order to give opportunity to repair the quarters he occupies. Ketchum's case is under the authority of the United States attorney-general and unless Smith petitions the latter the bank defaulter will have to remain at Middlebury.

Capt. George E. Holden, paymaster, with his fiancée, Miss Elsie Constance, of St. Paul, Minn., have arrived in Burlington from New York city, to visit Captain Holden's parents, Mr. and Mrs. George H. Holden. Captain Holden will remain with his parents until Sunday evening, when he will leave for Boston, where he is to perform three months' temporary duty before reporting to the chief paymaster, department of the East, Fort Jay, Governor's island, N. Y., for duty. The Misses Constance will remain as guests of Mr. and Mrs. Holden for the next two months.

The party of Y. M. C. A. boys who went into camp at Chazy Lake, N. Y., in company with a number of the Plattsburgh association boys, July 5, returned to Burlington Saturday afternoon. There were 30 boys in the party in charge of Secretary H. N. Clark, assisted by Ferdinand Hillard, Andrew Ockerblad and Clark Brown. During the ten days spent in camp the boys had many good times and unusual experiences which they will always remember with great pleasure. A camp journal was kept daily by Mr. Clark, and this book will in years to come prove a feast to the eyes of those who were the principal actors in the little play of life therein recorded.

The funeral of Dillingham Waldo of Randolph, who died Thursday, was held at the house on Pearl street Saturday afternoon at four o'clock. Mr. Waldo was born in Royalton and was the son of Mr. and Mrs. Sullivan Waldo and was 65 years old. He enlisted in Company E, 1st Vermont regiment of volunteer infantry, September 16. He was discharged July 4, 1862, on account of disability. He re-enlisted in Company K, 16th regiment, Vermont volunteer infantry, July 17, 1863, and was wounded in battle June 4, 1864. He was then transferred to the cavalry, December 20, 1864, and was discharged November 20, 1865. The funeral was under the direction of the U. S. Grand Post, C. A. R., and the Rev. G. O. Howe officiated. There were a number from out of town who attended.

An Amateur Cyclone.

An amateur cyclone swept through the north part of the town of Georgia Friday afternoon, passing across Lake Champlain and striking the shore south of Dr. T. R. Waugh's farm, on the Georgia shore. For a space about 100 rods wide young maple trees a foot in diameter were twisted about and torn from the ground, while an accompanying hail storm cut off small branches from the trees.

Capt. E. B. Rockwell, of the steamer Maquon, says that the wind was the strongest he has ever known in many years' experience on Lake Champlain.

Building Fine Country Home.

The St. Johnsbury Caledonian recently had a description of the fine country home of Elmer A. Darling, proprietor of the Fifth Avenue hotel, New York, is having built on his East Burke farm, from which we take the following: "The architects, Kent & Jardine, of New York, have planned for an old colonial mansion and it will be a year at least before the house will be completed. It will be constructed of wood with granite foundations and painted yellow with white trimmings. The granite foundations are 33 inches high, and a force of 20 men have now erected the framework to the second story. Broad piazzas will extend across the front and around two

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpelide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him? It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Yaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpelide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send for stamps for sample to The Herpelide Co., Detroit, Mich.

Rickert & Wells, Special Agents.

sides of the house, and * * * tall pillars form a notable feature of the entrance. It will be a three-story house, the porte cochere connecting the main structure with the billiard room. "A feature of the first floor will be the large hall 14x35 feet, while on this floor will also be the parlor, sitting-room, dining-room, library, and breakfast-room. The latter room will be finished in red birch paneling, while all the other rooms on this floor will be finished in mahogany. On the two upper floors are 23 sleeping-rooms which will be finished in the native woods. The house will contain 11 fireplaces and be wired for electricity and piped for gas. It is expected that about 200,000 feet of lumber will be used in its construction. The granite is obtained from a quarry in Burke and most of the lumber will be sawed and dressed at Mr. Darling's mill on his East Burke farm."

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Eucken's Arnica Salve." It's great for burns, cuts and wounds. At the Red Cross Pharmacy and Parlor Drug Store. Only 25c.
